

## **REPORT MULTIPLIER EVENT - ITALY**

During the multiplier event held in Italy on 28<sup>th</sup> March 2023, the objectives and activities carried out within the "Art Beyond Gaze" project were deepened, as well as the work of COAT Onlus was highlighted both locally and nationally.

After the initial welcome and presenting COAT Onlus and its work, we entered the heart of the event by introducing the "Art Beyond Gaze" project, describing its objectives, partnership and activities.

Going forward, the individual project results are described and shown to the participants:

1. Train for the Trainers – A guide for trainers
1. Digital Games – How art and technology merge
2. Evaluating Videos – The Contest
3. Digital Folder – A digital platform

To conclude the event, we talked about the 3 Local Workshops carried out throughout the project and connected with the results previously illustrated.
